

SCAiL — Figma Brand Guide Content

Version 1.0 — April 2026 For use as reference while building the SCAiL brand system in Figma

1. Brand Identity Overview

Name

SCAiL — South Carolina AI Literacy

Tagline

"AI Literacy for Every Community"

Mission (Practical)

We teach people in South Carolina how AI works, how to use it, and how to build with it — starting with the communities that get overlooked first.

Mission (Bold)

SCAiL is building the bridge between South Carolina's communities and the AI economy — through education, incubation, and investment.

Mission (One-Liner)

AI literacy for every community in South Carolina.

The Three Phases

1. **AI Literacy Nonprofit (501(c)(3))** — Teach communities about AI
2. **Community Innovation Incubator** — Turn learners into founders
3. **Investment Fund / Angel Network** — Fund the strongest startups, reinvest in Phase 1

Brand Personality

- Warm, not corporate
 - Direct, not academic
 - Empowering, not charitable
 - Honest, not performative
 - South Carolina proud, not regional-only
-

2. Logo Usage

Wordmark: SCAiL

The lowercase "i" is the brand's signature. It embeds "Ai" into the name: SCAiL. The "i" should always be visually distinguished — recommended treatment is Teal #2EC4B6 on the "Ai" letterforms.

Figma Setup

Create these logo variants as components:

Variant	Description
Primary / Light	Navy wordmark on white/light background, Teal "Ai"
Primary / Dark	White wordmark on dark background, Teal "Ai"
Reversed / Navy	White or Gold wordmark on Navy background
Icon Only	Stylized "Ai" mark for favicon, app icons, social avatars
Full Lockup	Wordmark + tagline beneath
Compact Lockup	Wordmark + tagline to the right

Clear Space Rules

- Minimum clear space on all sides = height of the lowercase "i"
- In Figma: create a frame with padding equal to the "i" height on all sides

Minimum Sizes

- Digital: 120px wide (full wordmark), 32px (icon only)
- Print: 1 inch wide (full wordmark)

Logo Do Nots

- No busy photo backgrounds without solid backing
 - No recoloring outside approved palette
 - No stretching, compressing, rotating, or drop shadows
 - No tagline if already present in surrounding copy
 - No use at sizes where "i" treatment becomes illegible
-

3. Color System

Figma Color Styles to Create

Primary Palette

Style Name	Hex	RGB	Token
Brand/Navy	#1B365D	27, 54, 93	--color-brand-navy
Brand/Gold	#D4A843	212, 168, 67	--color-brand-gold
Brand/Teal	#2EC4B6	46, 196, 182	--color-brand-teal

Neutrals

Style Name	Hex	RGB	Token
Neutral/White	#FFFFFF	255, 255, 255	—
Neutral/Light Gray	#F8F AFC	248, 250, 252	--color-surface-light
Neutral/Slate	#334155	51, 65, 85	--color-surface-tertiary
Neutral/Dark	#1E293B	30, 41, 59	--color-surface-secondary
Neutral/Near-Black	#0F172A	15, 23, 42	--color-surface-primary

Phase Colors

Style Name	Hex	Use
Phase/1-Literacy	#3B82F6	Phase 1 — AI Literacy Nonprofit
Phase/2-Incubator	#22C55E	Phase 2 — Community Incubator
Phase/3-Fund	#F59E0B	Phase 3 — Investment Fund

Semantic Colors

Style Name	Hex	Use
Status/Success	#22C55E	Completed items, positive indicators
Status/Warning	#F59E0B	In-progress, attention needed
Status/Error	#EF4444	Errors, blockers, declined
Status/Info	#3B82F6	Informational, neutral states

Color Emotion Map (for slide / page reference)

- **Navy** — Trust, education, stability, credibility
- **Gold** — South Carolina warmth, sunlight, opportunity, aspiration

- **Teal** — Innovation, technology, the future, AI

Usage Rules

- Navy = dominant (headers, nav, primary CTAs)
- Gold = sparingly (celebrations, achievements, warmth accents)
- Teal = AI/tech features, links, innovation callouts
- Never use Gold as a large background area
- Never gradient between brand colors (palette is flat)
- Max 2 brand colors per component

Accessibility (WCAG)

Combo	AA Normal	AA Large	AAA
Navy on White	Pass	Pass	Pass
White on Navy	Pass	Pass	Pass
Gold on Navy	Fail	Pass	—
Teal on White	Fail	Pass	—
Gold on White	Fail	Fail	Fail

4. Typography

Typeface: Inter

Inter is the sole typeface for all SCAiL digital materials.

In Figma: Add Inter from Google Fonts. Create these text styles:

Style Name	Weight	Size	Line Height	Letter Spacing	Use
Display/Hero	Bold (700)	48–72px	1.2	-0.02em	Page titles, hero headlines
Display/Section	Semibold (600)	28–40px	1.2	-0.02em	H2 section headers
Heading/Card	Semibold (600)	20–24px	1.2	0	H3 card titles, panel headers
Body/Regular	Regular (400)	15–17px	1.6	0	Paragraphs, descriptions
Body/Medium	Medium (500)	15–17px	1.6	0	Emphasized body text
Caption/Label	Medium (500)	12–14px	1.2	0	Tags, metadata, timestamps
Caption/AllCaps	Medium (500)	12px	1.0	0.05–0.1em	Section labels, category tags
Button/Primary	Semibold (600)	14–16px	1.0	0	CTA buttons, nav items

Monospace: JetBrains Mono

For code samples and technical content. Fallback: system monospace stack.

5. Imagery & Photography

Style Direction

- Real people in real settings — classrooms, community centers, libraries, small businesses
- South Carolina landscapes and landmarks when relevant
- Warm, natural lighting — not clinical or stock-photo-sterile
- Diverse ages, backgrounds, and comfort levels with technology
- Show technology as a tool in people's hands, not as an abstraction

Photography Treatment in Figma

- Default corner radius: 12px for cards, 16px for hero images
- Overlay for text on images: Navy #1B365D at 60–80% opacity
- Never place logo directly on a photo without a solid color backing

Do Not Use

- Generic "hands typing on laptop" stock photos

- Photos with visible watermarks
- Overly futuristic / sci-fi imagery
- Photos that make communities look poor or helpless (deficit framing)
- AI-generated faces or uncanny imagery

Illustration Style (if used)

- Flat, geometric, minimal — consistent with the brand's clean aesthetic
- Use only brand palette colors
- Line weight: 2px stroke for icons, 3px for larger illustrations
- Rounded corners on shapes (consistent with UI radius)

6. Iconography

Icon System

Use **Lucide Icons** (the icon set already used in the React codebase).

Figma Setup

Import the Lucide icon set or create components for frequently used icons:

Icon	Name	Use
LayoutDashboard	Dashboard	Overview / home
BookOpen	Education	Phase 1 / literacy content
Lightbulb	Innovation	Phase 2 / incubator
TrendingUp	Growth	Phase 3 / investment
Users	Community	Team, contacts
GraduationCap	Learning	Curriculum, courses
Scale	Legal	Legal steps, compliance
Calendar	Calendar	Events, scheduling
CheckSquare	Tasks	Todos, checklists
DollarSign	Grants	Funding, grants
Globe	Web	Public site, online
Sparkles	AI	AI features, chatbot
MessageSquare	Messages	Communications
Clock	Timeline	Timeline, milestones
Radar	Market	Market intelligence

Icon Specs

- Default size: 20px (in nav), 24px (in content), 48px (in feature cards)
 - Stroke width: 2px (default), 1.5px for smaller sizes
 - Color: inherit from parent (usually Navy or Slate in light mode, white/gray in dark mode)
 - Teal for AI-specific icons in feature callouts
-

7. Digital Applications

Website Components to Build in Figma

Navigation Bar (Public Site)

- Background: Navy #1B365D
- Logo: White wordmark with Teal "Ai"
- Nav links: White text, Inter Semibold 14px
- Active state: Gold #D4A843 underline (2px)
- Mobile: hamburger menu, slide-in panel

Hero Section

- Full-width, min-height 600px
- Background options: Navy solid, Navy gradient overlay on photo
- Headline: Inter Bold 48–72px, White
- Subtext: Inter Regular 18–20px, White/80%
- CTA button: Gold background, Navy text, Inter Semibold 16px, 12px radius

Card Component

- Background: White (light) / #1E293B (dark)
- Border: 1px solid #E2E8F0 (light) / #475569 (dark)
- Border radius: 12px
- Padding: 24px
- Shadow: 0 1px 3px rgba(0,0,0,0.1) (light only)
- Title: Inter Semibold 20px, Navy
- Body: Inter Regular 15px, Slate

Button Variants

Variant	Background	Text	Border
Primary	Navy #1B365D	White	None
Secondary	White	Navy	1px Navy
Accent	Teal #2EC4B6	White	None
Gold CTA	Gold #D4A843	Navy	None
Ghost	Transparent	Navy	None

All buttons: Inter Semibold, 14–16px, 12px radius, 12px 24px padding, hover darkens 10%

Footer

- Background: Navy #1B365D
- Text: White/80%
- Links: White, hover Gold
- 4-column layout: Brand, Navigate, Programs, Connect
- Bottom bar: copyright + social icons

Dark Mode

- Background: Near-black #0F172A
- Surface: #1E293B
- Elevated surface: #334155
- Border: #475569
- Primary text: #F1F5F9
- Secondary text: #94A3B8
- All brand colors remain the same

Responsive Breakpoints

Name	Width	Layout
Mobile	375px	Single column, stacked
Tablet	768px	2-column grid
Desktop	1280px	Full layout, sidebar (tracker) or wide content (public)

8. Print Applications

Business Card

- Size: 3.5" × 2" (standard US)

- Front: Navy background, White SCAiL wordmark centered, Teal "Ai" accent
- Back: White background, contact info in Navy, Gold accent line
- Font sizes: Name 10pt Semibold, Title 8pt Regular, Contact 7.5pt Regular

Letterhead

- Top: SCAiL full lockup (wordmark + tagline), left-aligned
- Gold 1pt accent line beneath header
- Body area: Inter Regular 11pt, Slate
- Footer: address, phone, email, website in Inter Regular 8pt

Presentation Slides

- Title slide: Navy background, White wordmark, Gold accent
- Content slides: White background, Navy headers, Slate body
- Accent slides: Teal background, White text (use sparingly)
- Always include SCAiL icon mark in bottom-right corner
- Use 16:9 aspect ratio

Flyer / Workshop Handout

- Header: Navy bar with White SCAiL wordmark
- Body: White background, Navy headings, Slate text
- CTA block: Gold background strip with Navy text
- QR code to scail.org in bottom-right

9. Social Media

Profile Assets

Platform	Avatar	Banner Size
X / Twitter	Icon-only mark, 400×400px	1500×500px
LinkedIn	Icon-only mark, 400×400px	1584×396px
Facebook	Icon-only mark, 400×400px	820×312px
Instagram	Icon-only mark, 400×400px	N/A

Avatar

- Navy circle background
- White "Ai" icon mark centered
- Alternative: Teal "Ai" on Navy

Banner

- Navy background
- White SCAiL wordmark centered or left-aligned
- Tagline "AI Literacy for Every Community" beneath
- Optional: SC palmetto tree watermark at 5% opacity, right side
- Gold accent line or dot pattern

Post Templates (Create in Figma)

Quote Post (1080×1080)

- Navy background
- White quote text, Inter Regular 24px
- Gold quotation marks
- Attribution in Inter Medium 14px, White/60%
- SCAiL icon mark, bottom-right

Stat Post (1080×1080)

- White background
- Large number in Navy, Inter Bold 96px
- Context text in Slate, Inter Regular 18px
- Teal accent line
- SCAiL icon mark, bottom-right

Announcement Post (1080×1080)

- Teal background
- White headline text, Inter Bold 36px
- Details in White/80%, Inter Regular 16px
- SCAiL wordmark, bottom center

Event Post (1080×1350 portrait)

- Top half: photo or illustration with Navy overlay
- Bottom half: White card with event details
- Gold date badge
- Navy headline, Slate details

Handle

@SCAiLorg on all platforms

10. Brand Voice Examples

Website Hero

Every community in South Carolina deserves to understand AI. We're here to make that happen — with free workshops, real-world training, and a belief that the people closest to the problem are the ones who'll build the best solutions.

Grant Application Opening

The SCAiL Initiative is a South Carolina-based 501(c)(3) nonprofit dedicated to delivering AI literacy education to communities across the state. Founded in 2026, SCAiL addresses the growing digital divide through hands-on workshops, community partnerships, and a curriculum built for practical application — not academic abstraction.

Social Media Post

SC, let's talk AI. Not the scary headlines. Not the tech bro hype. The actual tools that can help your business, your classroom, your community. That's what SCAiL is building. Free workshops launching soon. 🌴

Workshop Welcome

Welcome! Quick ground rules: there are no dumb questions here. Seriously. If you've never touched AI before, you're in the right place. If you've been using it for months, you're also in the right place. We're going to learn by doing, and by the end of today, you'll walk out with at least one tool you can use this week.

Email Newsletter

This Week at SCAiL We ran our first AI 101 workshop in Columbia last Wednesday — 34 people showed up, asked incredible questions, and left with hands-on experience using AI tools for their jobs. Here's what we learned, and what's coming next.

Board Communication

Phase 1 update: We've completed 3 of our first 8 planned workshops, reaching 89 participants across the Midlands. Grant pipeline stands at \$45K submitted, \$12K awarded. Next quarter focus: expanding to the Lowcountry and Upstate regions.

Press / Media Quote

"AI isn't coming to South Carolina — it's already here. The question is whether every community gets to participate, or just the ones that were already connected. SCAiL exists to make sure nobody gets left behind." — Joshua German, Founder

Figma File Structure (Recommended)

Reference this document while building in Figma. Every hex code, size, weight, and spacing value here matches the live SCAiL codebase. When in doubt, the code is the source of truth.
